Cabin insulation and double pane windows
both
contribute to energy efficiency and comfort

**Deck built as an extension of the
Cabin, offering outdoor space for
enjoyment & relaxation**

There are designated “fishing areas”
along the Green River

Green grass will soon be miniature golf

A close-up photograph of a miniature golf setup. In the foreground, a bright yellow golf ball with a black logo that reads "TOUR 5" sits on a green artificial turf surface. A black miniature golf club is positioned to the left of the ball. In the background, a circular hole in the green surface is visible, though out of focus. The overall scene is brightly lit, suggesting an outdoor or well-lit indoor environment.

Miniature golf to have artificial putting surfaces
